GO 13

13A SOCKET MODEL

Compact portable professional battery power

BIG POWER.

SMALL FOOTPRINT.

A portable 2.3 kWh battery generator engineered for construction, maintenance, film production, tunnel work and other professional applications where clean, quiet power matters.

2.3 kWh
BATTERY

3.6 kW
RATED OUTPUT

2000 W
PEAK POWER

230 V AC
PURE SINE

uninterrupted **Power**

zero **Noise**

zero **Emissions**

BUILT FOR THE JOB

Twin outlets
Twin covered 13A outlets for quick and fast connection of 230 V tools and equipment

Quiet operation
Natural cooling and low operating sound make it suitable for all applications

Portable by design
Approx. 24 kg with a protective tubular frame and multiple carry handles

Professional Output
3.6 kW rated pure sine wave output with high short-duration

KEY SPECIFICATION

CAPACITY 2304 Wh	OUTPUT 230 V AC	RECHARGE 2 HRS
INPUT Up to 1200 W	PROTECTION IP54	WEIGHT 23.8 Kg

CLEANER ENERGY, READY TO WORK

Available from ESS Power Store pre-charged using renewable energy from our solar-powered charging infrastructure
