

BIG POWER.

SMALL FOOTPRINT.

A portable 2.3 kWh battery generator engineered for construction, maintenance, film production, tunnel work and other professional applications where clean, quiet power matters.

2.3 kWh
BATTERY

3.6 kW
RATED OUTPUT

20 kW
PEAK POWER

230 V AC
PURE SINE

BUILT FOR THE JOB

Twin outlets

Twin covered 13A outlets for quick and fast connection of 230 V tools and equipment

Quiet operation

Natural cooling and low operating sound make it suitable for all applications

uninterrupted
Power

zero
Noise

zero
Emissions

Portable by design

Approx. 24 kg with a protective tubular frame and multiple carry handles

Professional Output

3.6 kW rated pure sine wave output with high short-duration

KEY SPECIFICATION

CAPACITY
2304 Wh

OUTPUT
230 V AC

RECHARGE
2 HRS

INPUT
Up to 1200 W

PROTECTION
IP54

WEIGHT
23.8 Kg

CLEANER ENERGY, READY TO WORK

Available from ESS Power Store pre-charged using renewable energy from our solar-powered charging infrastructure

Power Store Go 13 - 13 amp Socket Model
